Hello and happy summer to all you TABOO magazine readers out there. We have a great line-up, so let's get right down to it.

Pretty in pink covergirl Kiara Cole submits so sweetly. This coy and innocent newcomer really opens up and enjoys the various punishments and proddings. For the piss lovers, Kiara does not disappoint!

Incredible social media sensation Ryan Keely makes her TABOO debut this issue. This tough beauty lays down to law to startled newbie Theodora Day. After a quick boot-worship session, Ryan masterfully handles Theodora's fine, petite, fresh ass. Warmed-up with the flogger and other more stingy toys, Theodora is now ready for the butt plug and a good strap-on fucking. Powerhouse Ryan is certainly up to the task for this scene. It's no surprise Ryan has well over a million followers online. Check her out on Instagram sometime!

Lovely Laura Desiree returns to nature. Tied lovingly to a favorite tree, she spreads her long legs and so much more! Yummy!

Thank you for all of your support!

I love to pee! Sometimes I can piss a real gusher, that is the most satisfying.

As far as someone peeing on me, I was having sex with a guy that had a major pee fetish. He asked me if he could try it and I said sure. He started peeing all over me, my tits, pussy and butt. Everywhere! I enjoyed the warm sensation, but it turns out that I loved the absolute submissiveness of getting pissed on! ***—Megan***

ANAL ADVISOR

by Tristan Taormino

PHOTOS OF JULIE AND MARCUS BY DAVE NAZ

dear anal advisor

I'm a straight guy who loves to give and receive anal sex (with women). I used to be pretty repressed about it, but you've helped change my attitude about my sexuality. I watch a lot of XXX anal tapes, and I have a couple of questions. Are today's porn starlets being incredibly irresponsible with all the ass-to-mouth scenes they perform? Also, are women's bodies capable of accepting longer penises inserted into them than men's? I see porn stars taking a full eight inches, sometimes more. Is there a difference in our anatomies?

—anal porn watchers

dear watcher

I think adult-film stars need to assess the various health risks of their profession for themselves, and make their own decisions about what they will and will not do. Remember that porn stars are routinely tested for HIV and other STDs; so they know their status (in fact, they are tested much more frequently than the general public).

As for the practice of "ass to mouth," prevalent in lots of anal porn, it does raise concerns. Bacteria that live happily in someone's ass may not be so content in her mouth, where they can cause an infection. Even if a porn star has a nearly spotless, clean ass, there can still be trace amounts of fecal matter (or blood if there's been any rectal tearing during penetration) that can be transferred from cock to mouth—also a possible source of infection. In general, I don't recommend this practice for partners whose sexual histories and STD status aren't known. Even for couples who regularly swap bodily fluids, there is still some elevated risk.

As to your question about length of toys and rectums, there is no difference between the length of a man's rectum and that of a woman. That part of our anal anatomy is nearly identical. Bear in mind that porn stars are professionals. They easily accommodate toys and cocks in their asses that some of us can only fantasize about!

dear anal advisor

My partner and I are in a permanent dominant/submissive relationship, and have been experimenting with anal sex for over two years now. We both get a lot of pleasure out of it. He likes to have me wear a locking harness to keep a butt plug in place while we go out to dinner and a movie. The trouble is, after about an hour, I need to use the restroom and must remove it. What can I do prior to "harnessing up" that will enable me to wear the harness for a longer time? Should I change my diet prior to the excursion?

—anal slut in texas

dear texas

The length of time you can wear a butt plug depends on your personal bathroom schedule, and everyone's particular timetable is different. It sounds like you're an evening bathroom-goer, and that you've got a pretty fast metabolism (because shortly after eating, you have to use the bathroom). In order to prolong your butt-plug wearing, I suggest that dinner be rescheduled. You could eat, wait to have a bowel movement, then get locked in your harness for several hours. Or perhaps you can have an outing with the butt plug in your ass that doesn't involve eating; then, after the scene is over, treat yourself to a meal. If the excursion must include dinner, then perhaps your master should insist that you watch him eat, while you're limited to water only (sorry to give him tips from my "sadistic top" self, but you did ask). If you're a good girl, maybe he'll feed you after you've held that butt plug in long enough!

dear anal advisor

I'm a professional dominatrix, and have several clients that are into "forced feminization" and anal play. Some have requested that I insert tampons into their (anal) "pussies." I am wondering, can this be done safely? I have heard that there is a risk of toxic shock syndrome when tampons are used vaginally, and I'm wondering if toxic shock can happen in the ass as well. Have you ever heard of any cases of this happening?

—mistress mean

dear mistress

Toxic shock syndrome is a blood-borne bacterial infection caused by staphylococcus bacteria. We most commonly hear about it in relation to using tampons, and symptoms can include fever, chills, vomiting, sore throat, headache and more serious conditions. It's treated with intravenous antibiotics to prevent shock and kidney failure. TSS colonizes skin and mucous membranes, and the rectum is a mucous membrane. However, I had a difficult time locating any documented cases of TSS through the use of tampons anally. Since tampons absorb moisture, they could be uncomfortable and dehydrating at the very least. Fortunately, I have an easy solution for you and anyone else who has a client/lover who wants something unsafe in his or her ass (glass bottles, candles, baseball bats, just to name a few). Find a sex toy with a similar size and feel to the desired (but unadvisable) object. Blindfold your bottom before inserting the toy in his or her ass, and make sure to talk about whatever the fantasized thing is in great detail. If you're a good top, you can convince a submissive of almost anything.

dear anal advisor

I recently read that someone made a dildo for anal penetration using pureed mashed potatoes stuffed into a condom that was tied at the end. I am interested to try it and would like the instructions for such a device.

—slick for starch

dear starch

Not only is this self-made dildo incredibly dangerous for anal play (since there is no flared base or string attached, and a condom isn't very long and can easily get lost in your ass), it doesn't even sound like that much fun. Between the mess of putting it together (unless you've got some serious kitchen utensils) and the mushy texture it will have when it's done, I'm not very intrigued. Please splurge and buy yourself a rubber dildo or butt plug at a sex-toy store. Trust me; you're worth it.

What have you been doing since last we spoke?
I have been SUCH a busy bee! After stepping down from my full-time duties with *Naked News*, I freed up a lot more time to spend with my fan base online and kick off some sexy, new productions in New York City. Some of them are live events happening with the Museum of Sex and others are hosted privately at the city's bustling 'members-only' adult playgrounds. I have been immersing myself in the underground performance art scene and loving the adventure!

Have you experienced any new kinky situations?
The other night my Uber cancelled on me TWICE after an amazing dinner. As it was one of those balmy spring nights- I decided to push myself through that special pain of my feet poured into a sky-high, pointed-toe stiletto. There is no greater pleasure than the moment I walk through the front door, slip them off, relieve my arch of that ache and lower my heel to the cool marble.

Have you crossed any new thresholds?
I am no stranger to the experience of Shibari rope tying, however I hadn't tried an inverted suspension before. This was one hell of a surrender! I felt pinched in all sorts of new places and there were a few times I had to whimper to be re-arranged comfortably, but after the session I was treated to some very loving hugs and took great pride in the markings I was decorated with!

Are there any kinky endeavors that you would like to try that you have not yet?
I'm ready to reward a particularly exceptional service sub to tongue-clean the surfaces of my home. I get a lot of dust bunnies in my sprawling Manhattan loft. I would love to see someone dedicate themselves to hacking and coughing through the job without stopping until the job is done. I'm happy to oversee their performance.

Tell us in detail about your most anticipated fetish encounter. Was it up to your expectations?
I am so very lucky to have had many, many lived experiences that satisfied a curiosity in me. Perhaps my most anticipated was my night in attendance as a voyeur to a 30-person orgy. I sat on the sidelines and observed a large stack of bodies on top of each other, tangled in and around each other all staged on a gorgeous, super-sized bed. At first, us voyeurs sat us silence, but soon we were breathing hard, gasping at the sights and sounds of the insatiable bunch.

This shoot was outside. Were there any voyeurs lurking in the woods?
Oh, I am tickled at the thought that there could be! I didn't see or sense anyone, but I would have certainly permitted an audience to observe this shoot as it was just so much fun and I am by definition the ultimate exhibitionist

Where do you see yourself in 5 years?
Continuing to host and foster the celebration of our sensual, pleasure-seeking selves. Perhaps a late, late, late night show hosted from bed. I want to keep exploring our unique expressions of arousal and investigating where they stem from, what they mean and how best we can satisfy our desires. Judgement free!

When did you start fetish modeling and under what circumstances?
I started when I was 19 doing photo and video shoots for adult companies through an agency that had recruited me off of a dating app and social media site. My first shoots took place around the Los Angeles area and throughout parts of Southern California. I also traveled to Las Vegas and even out of the country to Europe! I went to The Czech Republic, Budapest, Hungary, and Slovakia for shoots in my early career.

How did you feel the first time you took your clothes off in front of the camera?
I thought I looked hot and it made me horny!

How did you become aware of fetishism or your fetishistic side?
As I began exploring with others, I found more and more things I liked to do and feel.

Do you wear fetish clothes in public? What are your favorite items?
I'm a huge advocate for wearing what you want and often use fashion to express myself and my sexuality. I love latex, collars, corsets, etc!

Have you ever scened in public?
Yes! I have done it on a dare.

Are you dominant, submissive, or a switch?
Mostly submissive. I love the attention!

Have your sexual boundaries changed over time? Are there things you wouldn't do before that you like now?
Yes, but I've always been very open and explorative.

Do you like rough sex? Please elaborate.
I love rough sex. I love being manhandled.

What about pissing or golden showers? Has anyone pissed on you? Or you on them?
I've done both. It's really hot!

How do you feel about anal sex?
Anal sex is fun. You should try it! ;)

Do you get requests for pantyhose? Stockings, shoes etc.
Yes. I sell them on my store, ShopKiaraCole.com, where fans can purchase used, limited items including wardrobe such as panties and pantyhose from some of my most famous scenes!

Do you like foot and leg fetishism, attention to your feet?
I love having my feet rubbed and my toes sucked on. It feels amazing.

Are you in a fetish lifestyle partnership? Would you like to be?
No and I never have been but I think it could be fun!

Why do you want to shoot for TABOO Magazine?
TABOO is sexy, high glamour, and very kinky. I love how beautifully you portray the different dynamics between dominant and submissive relationships.

What was your favorite part of shooting for TABOO?
My favorite part was being tied up! Ellen Stagg is not only an outstanding photographer but also an amazing bondage artist. I loved at all the different poses she put me in, especially with the toy tied inserted! I've never experienced anything like that before so it was really fun!

When did you start fetish modeling and under what circumstances?
Ryan Keely: I started modeling in 2006/2007 as a fetish model. I was living in LA and working behind-the-scenes during the alt-porn movement of the mid-late aughts. While I wasn't interested in doing porn for a few more years, I was very interested in modeling for fetish and erotic photography.
Theodora Day: I started fetish modeling right away. Before porn or camming, I had an onlyfans and I would completely disguise my appearance. This was about a year and a half ago.

How did you feel the first time you took your clothes off in front of the camera?
RK: I never had a big taboo around nudity so it felt completely normal. My best friend was always sketching me for figure drawing, but I didn't pose professionally until my early twenties.
TD: I feel most beautiful when naked. I consider myself a nudist, so it felt great that I could make a living being naked!

How did you become aware of fetishism or your fetishistic side?
RK: I've always been kinky. And I've always been comfortable expressing it.
RK: About two years ago, I started to become very interested in masks and the darker side of sex.

What fetishes do you like personally? What do you fetishize most in your life?
RK: Latex, feet, spanking, flogging, bondage, strap-on giving, SPH, Findomme, body worship, impact play, electro stim etc.
TD: I have many fetishes, but I haven't fully opened up about it in my personal life. I'm more freaky on camera for sure. I feel more confident for some reason. It feels like an open space to express freely without emotions involved. It's easy for your set partner to say no politely than it is to have a romantic relationship outside where it could freak them out. Lol! On set, it's neutral as far emotions go with sex.

Do you wear fetish clothes in public? What are your favorite items?
RK: I like all types of boots. Pantyhose and tights with no panties turns me on. Lots of corsets. Black latex leggings should be worn through the winter and I must have a candy colored latex dress in my closet. I wear that to dinner at fancy restaurants. I love to watch people slowly realize I'm wearing latex react with arousal, surprise and sometimes, if i'm lucky, shock or disgust.
TD: No. I look very innocent and most people would be shocked I do porn if they didn't already know.

Have you ever scened in public?
RK: I shot with Gary Breckheimer fully nude on Hollywood Blvd. in front of Musso and Frank's. One of my favorites was shot by Rick Shameless, me laying across a star on the walk of fame in nothing but my heels. I've been filmed masturbating and pissing in Griffith Park by Ed Fox also.
TD: No, not yet anyway!

Are you dominant, submissive or a switch?
RK: I'm a natural Domme and a service top (which I consider a compliment). I love to bottom, love impact play but only access subspace during rope bondage. I'm switch-ish.
TD: I'm a switch. Dominant at heart though!

Is there anything you would like to try sexually or kinky that you have not done yet?
RK: At Off Sunset Fest this year, I learned that I love bootblacking! I've always loved the smell of leather and foot, boot, heel worship, but bootblacking is a whole different spin!
TD: There are so many things I've yet to explore!

What about pissing or golden showers?
RK: I like making people lap my piss off the floor. I'll piss on someone if they have earned it. I do not like being pissed on. It's one of the first kinky things that I tried and one of the earliest limits established.
TD: No.

How do you feel about anal sex?
RK: It makes me cum really hard.
TD: I love anal sex! definitely something I'd like to be known for in the industry.

What are your hard limits?
RK: No hitachis while I am suspended. No feces or nipple clamps. No race play.
TD: No hard squeezing my boobs!

What is the most requested thing you are asked to do by your fans and followers?
RK: I'm over filming stepmom content. I'm not going to stop making it, but there isn't a lot of space for creativity in it's current iteration. I got a request for a giantism custom and that was really fun. I'm hoping to get more. I have a Statue of Liberty costume that would be perfect. Through an unexpected series of events I ended up with a two-pack from REARZ. I busted one out to film a tiktok and had so much fun I also filmed a ABDL clip. It became my top selling clip. I think I'll bounce on balloons in my big fluffy diaper.
TD: My fans love me for being an online girlfriend type. They mostly just like selfies and solo naughty videos. It's so cute!

Do you get requests for pantyhose, stockings or shoes?

RK: I sell my stockings on Sweeky.com along with my lingerie and panties. I have a pair of over-the-knee lambskin stiletto boots that I've worn forever currently listed on Sweeky. I can't imagine I will ever have a shoe more infused with my essence.

TD: Oh yeah! Everyone loves pantyhose and stockings.

Do you like foot and leg fetishism?

RK: I am a foot fetishist. I love to suck toes and have my toes sucked on. During sex, I'll put a whole-ass foot in my mouth. I give a mean foot job, I can cum from having the soles of my feet cropped and I'm a slut for a foot rub! I will take my shoes off in the middle of a convention and let strangers rub my feet. I like bare feet, high-heels, boots, sandals, stockings, and feet elaborately tied up. I keep my toes painted and my feet extremely soft and clean. I'll walk barefoot down a city street to turn someone on. I like to put my feet in mud, other people's holes and up on a dashboard.

TD: I like the all attention given to my feet! I enjoy when my fans request a color to paint my toes. If you compliment me, I'll be in to it. "Such pretty toes Theodora, now stroke your dildo with them." I'd be down!

What kind of porn do you prefer? What do you search for on the internet?

RK: I read romance novels and erotic comic books. Love a dirty magazine. Don't search the internet for porn. It feels too much like work.

TD: I prefer kinky at home sex tapes.

Why did you want to shoot for TABOO Magazine?

RK: I've always loved porno mags, but as a kinky person I need the edge of TABOO. There is a memorable photo spread featuring two women with shaved heads in latex catsuits... I jerk off thinking about it to this day.

TD: Because I wanted to show a different side of myself.
